Irene Shere, Sharon Friedman, Joan Hanson : Cat's Out of the Bag!: Jokes About Cats (Make Me Laugh)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cat's Out of the Bag!: Jokes About Cats (Make Me Laugh):

A collection of jokes about cats, including "What do you call a cat that hangs out at the bowling lanes? An alley cat."

From School Library Journal. vol: illus. by Joan Hanson. un paged. (Make Me Laugh! Joke Bks.). CIP. Lerner. Mar. 1986. PLB \$5.95. Grade 2-6 Children delight in the kind of word play used here, and while most adults would consider these jokes "groaners," youngsters will find these books, each on a single subject, entertaining. Some pages contain three jokes and answers, others just one riddle with a corresponding illustration. Because the answer appears right after each joke, it is impossible for readers to try to solve the riddles independently. Simple line drawings, with just a slight dash of one color, adequately decorate the text. Susan H. Williamson, Saltsburg Junior/Senior High School, Pa. Copyright 1986 Reed Business Information, Inc.
