Scotti Madison : Just a Phone Call Away before purchasing it in order to gage whether or not it would be worth my time, and all praised Just a Phone Call Away:

0 of 0 people found the following review helpful. A Class ActBy Robert RWhat a great book with great personal baseball stories. Scotti was a very good baseball player but even a better person. His storytelling about his baseball days was fun to read. I especially enjoyed his cross country trip story that he took with Kent Hrbek. I was fortunate enough to see Scotti and Kent during their stop in Houston to visit my sister. I enjoyed the stories about their travels.

He may not have had a stellar major league career, but he'll always be a champion in my book.0 of 0 people found the following review helpful. Inspiration for DreamersBy Michael MarcusScotti Madison has written an inspirational and motivational book with sage advice for dreamers, whether they be an athlete or any other performer who has a dream to excel and reach the top. Sprinkled with humorous anecdotes "Just A Phone Call Away" entertains and offers a glimpse into the world of minor league ball players striving to make the Big Show.0 of 0 people found the following review helpful. Five StarsBy meplaydrumRemember ol Scotti From his days with the Omaha Royals, quite a guy!!

During my playing days I wrote down many stories and over the years I told them to friends and strangers alike. They all said you have to write a book so others can hear about your personal experiences. Just a Phone Call Away is more than a good baseball story. It is about a major journey through the minor leagues experiencing hardships, laughter and hope. it takes you behind the scenes to some unique situations and allows you to experience some of the craziest tales you have ever heard. It is Forrest Gump in real life and there is a message of hope throughout the book. No one would believe someone with such a mediocre major league career could have experienced so much with so many famous people and enjoyed so many laughs.
