I LOVE LOVE LOVE this coloring bookBy Ronna LinnI LOVE LOVE LOVE this coloring book!My first one somehow got tied up in shipping, so helped replace my order, which is fantastic.This book has very AWESOME coloring pages in it.Each page tears out if you wish, so that you can use a clip board, or frame them when you are done.The pages are fairly thick. The markers that I use with my coloring book, do not bleed through onto the back side, so even though each page is double sided, I don't have to worry about only being able to color one side.The book is HUGE. I didn't expect it to be so thick. It has TONS of pages. I really do love it!!In fact, I love it so much, I just purchased a second one in the series, the Mandalas one!2 of 2 people found the following review helpful. Actually kind of sucks.By TradetekThe book says it's 120 pictures and the detailed info says

it's 128 pages, so I expected it to be single-sided pages, but no... it's printed on both sides of each page! Plus about half of the pictures are not very complicated. They are just repeating geographic shapes, frequently just the same simple shape printed over and over again on the page. Actually kind of sucks. 10 of 11 people found the following review helpful. I like my pages perforated. By Connie This book has both sides of the paper printed. I use markers so this book is of no use to me. I like my pages perforated. I always remove the page before coloring it.

Another addition to the bestselling "Just Add Color" adult coloring book series! Coloring has taken its place at the grown up's table as a legitimate form of artistic expression, right along with painting and drawing. In Kaleidoscopes, you'll be enthralled with hours of coloring fun as you create your own masterpiece out of these intricate, inspiring patterns. This book offers more than 120 gorgeous pull-out illustrations ready to be brought to life. It's so relaxing and fun that even the most mature among us will want to run for the nearest box of colored pencils. Perfect to pull-out and frame, too!
