She took it in to her shop for fun in between clients and also to have something for her clients to look at when coming up with tattoo ideas.1 of 1 people found the following review helpful. Rad.By Allen SerbanThis is rad. Make sure you use something that won't bleed through the pages because almost every page in here is awesome and worth coloring.1 of 1 people found the following review helpful. I want more like this.By Oldman1969Love this coloring book it has a bunch of pages I can color on. The pages are white paper not that stuff we used to color on. Great for pencils and pens.

Another addition to the bestselling 'Just Add Color' adult coloring book series! Coloring has taken its place at the

grown upâ€™s table as a legitimate form of artistic expression, right along with painting and drawing. In Tattoo, you'll be enthralled with hours of coloring fun as you create your own masterpiece out of these inspiring tattoo designs. This book offers more than 120 gorgeous pull-out illustrations ready to be brought to life, including tribal, nature, magical creatures, fairytales, and more. Itâ€™s so relaxing and fun that even the most mature among us will want to run for the nearest box of colored pencils. Perfect to pull-out and frame, too!
