Lafcadio Hearn : Kwaidan (Traveller's Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kwaidan (Traveller's Library):

0 of 0 people found the following review helpful. An elegantly written, spine-chilling classic!By Ian Thomas DarnellLafcadio Hearn's _Kwaidan_ would be a wonderful addition to the personal library of any Anglophone interested in Japanese folklore or anyone with a taste for creepy stories. Born more than a century and a half ago, Hearn was one of the first (if not the first?) English-language writers to retell classic Japanese tales of the supernatural. His prose is elegant and genuinely spine-chilling. This particular edition also includes fabulous Japanese paintings of ghosts, goblins, etc., which wonderfully enrich the text. I especially recommend reading these stories aloud to a friend or two as a spooky nocturnal pastime.0 of 0 people found the following review helpful. Great art, good reading.By K. G.Good stories and great art work, traditional Japanese "ghost tales".0 of 0 people found the following review helpful. Four StarsBy S. Nemethfascinating

Marvelous tales of the supernatural from Japan, told by the one and only Lafcadio Hearn. Volume 44 of the Traveller's Library.
