This is the coloring/activity book for you!By tofumidgetUnabashedly disgusted by this year's election season? This is the coloring/activity book for you! Vandeneynnden's 'Murica pokes at both of the major parties, calling out the hypocrisy and self-serving bull. Perfect for anyone of legal drinking age, it's full of adult language and clever games to get you through your Election Day dumps. The drawings are well done, with plenty of places to color out your frustration. It's clear that Vandeneynnden's preferred candidate is not one of the two options (unless you're writing him in), but it's also clear that he knows the importance of One Person, One Vote. Get registered, go vote, then go home and color and drink your beverage of choice.3 of 3 people found the following review helpful. Absolutely fun for adults of all agesBy RobertOnce again, Quill has released an irreverent and fun book. Unlike his last book, (Knotty Words: A

Crass Celtic Coloring Book), this book is more an activity book than just a coloring book. It contains all kinds of fun activities that make light of the election mess we are in this year with a strong push to vote for Bigfoot for president. This would make an excellent gift for anyone that is non-partisan and needs an excuse to make fun of the disaster we are in. 3 of 3 people found the following review helpful. A must-have for this fall. By SaraideThe only way to survive this election is with a sense of humor. This book is just the thing to keep me from throwing objects at the tv during political speeches. There are months left in the election cycle- get this excellent coping mechanism now. It might just save you money by preventing the need for therapy. ;)It's fun, it pokes fun across the political spectrum, and best of all, it's clever. Nice, crisp images and a variety of amusing pages.

From the mind of astute humorist Quill, comes 'Murica, an adult activity book in the spirit of vintage Mad Magazine and National Lampoon magazines. The book contains:• election night drinking game • colorable mandalas • cut-out masks • word search, mazes, puzzles and more! So on November 8th, gerrymander a section of your living room for you and your friends and celebrate the absurdity of the American electoral college!
